Resume Objective

Detail-oriented undergraduate specializing in AI and Data Science with strong exposure to software engineering and applied machine learning. Experienced in delivering structured, production-oriented applications using Python and Flask, and eager to begin a professional career contributing to reliable, scalable, and business-aligned technology solutions.

Skills & Competencies

Technical Skills

- Programming Languages: Python, Java, C, Bash Scripting
- Frameworks & Tools: Flask, GitHub, Power BI
- Databases: SQLite
- Cloud Platforms: Google Cloud Platform (GCP), Microsoft Azure
- AI Data Science: Machine Learning, Deep Learning, Natural Language Processing, Generative AI
- Web Technologies: HTML, CSS, Bootstrap
- Development Concepts: Object-Oriented Programming, Data Structures & Algorithms, REST APIs

Behavioral & Professional Skills

- Problem Solving & Analytical Thinking
- Team Collaboration & Team Player
- Effective Communication
- Time Management & Prioritization
- Adaptability & Learning Agility
- Attention to Detail
- Professional Work Ethic

Education

- **Bachelor of Technology (B.Tech) – Artificial Intelligence & Artificial Intelligence and Machine Learning (AI & AIML)**
  G H Raisoni College of Engineering and Management, Pune
  Duration: 2022 – 2026
  CGPA: 8.70/ 10

- **Bachelor of Science (B.S.) – Data Science**
  Indian Institute of Technology Madras
  Duration: 2023 – 2027

- **Honours in Data Science**
  G H Raisoni College of Engineering and Management, Pune
  Department of Computer Science
  Duration: 2024 – 2026

Experience, Certifications & Projects

- **Summer Intern – Accenture (May 2025 – July 2025):** Gained exposure to enterprise core banking systems and workflows, strengthening understanding of corporate processes, teamwork, and professional communication.
- **OCI Certified Generative AI Professional – Oracle (2025):** Built a strong foundation in Generative AI concepts, LLMs, and enterprise AI use cases.
- **Programming & Data Science (Foundational Level) – IIT Madras:** Developed core competencies in programming, data analysis, and computational thinking.
- **EduSmart – AI-Driven LMS:** Developed a full-stack learning management system using Flask and SQLAlchemy with AI-based weakness detection and personalized content recommendations using YOLO and Gemini APIs.
- **GENAI-INTERVIEW-BUDDY:** Built a privacy-first, offline AI interview practice platform using local LLMs (Ollama) with dynamic technical questioning and instant feedback using Python, Flask, and REST APIs.
